

## Player Age/ID Verification

Please note that players will need to be verified at the 'Association' level for your organization prior to printing player cards.

Select Tools → Go to Association Connect

*\*\*Access was provided to the main Club contact initially provided to Stack Sports. If you do not have access, please contact ASA.*

Select Players → Age/ID Verification

A list of players will populate that have not been verified, but have uploaded a proof of age document. You can select the proof of age document to review. After reviewed, select the check mark next to the players name, select update status, and mark as verified.
